##README##

I am passionate about embarking on a career in the IA world, driven by my deep interest in exploring and harnessing the potential of cutting-edge technologies. The ever-evolving landscape of programming and its transformative impact on various industries captivates me, fueling my enthusiasm to contribute to this dynamic field. With a strong foundation in the IT field, I am confident in my ability to adapt to the demands of any kind of work. I am eager to learn, collaborate, and leverage my skills.
